Amare Global, The Mental Wellness Company, is a new Direct Sales company entering its pre-launch phase on September 1, 2017. Our vision is to empower people to live happier and healthier lives through our natural mental wellness products and mindfulness platform.

Mental wellness is misunderstood. For too long, we have been taught that mental wellness is all in your head. New science shows that a key contributor to anxious emotions, inability to focus, or feeling depressed is determined by what is going on in our second brain – our gut.

Come join us for our **FIRST EVER** event in Utah and find out more!

- Discover new tools and technologies that can help improve your outlook on life and optimize stress resilience
